

*What would you do to save your child's life?  
What would you do to save your child's life?*

Would you stop smoking around her?

Would you ask your family and friends  
not to smoke around her?

Would you keep her away from places  
where people smoke?

Of course you would...  
because you can choose.

She can't.

It takes courage to stand up for your child.

But if you don't, who will?
